Subject: drafting request - PCB sediment

Becky,

I request a draft for the Assembly Democratic Caucus amendment. It is related to tipping fees and PCB-contaminated sediment, and includes the following:

- For PCB-contaminated sediments, use the same definition as the PCB sediments currently exempt from the recycling tipping fee (s. 289.645 (4)(d)), as modified to only include projects where PCB sediment removal has begun before the effective date of the bill. The wording we received was "projects underway as of publication of the bill" but I believe the wording in the previous sentence will cover the intent.

- Specify that the above sediments, disposed of on or after July 1, 2009, would be subject to the environmental repair - environmental management account tipping fee at the current law rate of \$0.85 per ton rather than the \$2.50 under the bill.

- ✓ - Decrease the brownfields grant program awards appropriation in s. 20.143 (1)(qm) by \$230,000 in 2009-10 and \$530,000 in 2010-11.

If you have questions call me at home at 274-0423 or email me and I will check from home later. Or we can talk Thursday morning.

the changes show
in
red

1 At the locations indicated, amend the substitute amendment as follows:

2 **1.** Page 74, line 8: decrease the dollar amount for fiscal year 2009-10 by
3 \$230,000 and decrease the dollar amount for fiscal year 2010-11 by \$530,000 to
4 decrease funding for the purposes for which the appropriation is made.

5 **2.** Page 1399, line 6: delete "par." and substitute "par. pars. (CV) and".

6 **3.** Page 1399, line 9: after that line insert:

7 "SECTION 2658e. 289.67 (1) (CV) of the statutes is created to read:

8 289.67 (1) (CV) The environmental repair fee imposed under par. (a) is \$4.05 per
9 ton for solid or hazardous waste disposed of on or after July 1, 2009, that consists of
10 sediments that are contaminated with PCBs, as defined in s. 299.45 (1) (a), and that

Insert
1-4

1 are removed from the bed of a navigable water of this state in connection with a phase
2 of a project to remedy contamination of the bed of the navigable water if the quantity
3 of the sediments removed, either in the phase or in combination with other planned
4 phases of the project, will exceed 200,000 cubic yards and if removal of sediments
5 under the project began before the effective date of this paragraph [LRB inserts
6 date].”.
